## Summer Baseball Program

Carleton-Russell Little League will also offer a baseball program during the summer months.

This is a more competitive program that takes place in July and August. Teams from Carleton-Russell will compete against other Little League teams from across the region in a District interlock program. The summer league usually involves leagues from district 2, 6, 7, and 8. Only players who are registered for Spring Interlock are eligible to participate in the Summer Interlock program. They also get a chance to participate in Little League tournaments.

To complement the regular schedule of games from the interlock league, there are many tournaments a team can chose from.

The premier tournament and at the core of all Little Leagues world wide, is the District Tournament in July. This can lead to a team entering a world series in August!

Registration fees for this program vary according to age but enrolment is only open to registered players from our Spring Baseball program in the Minor, Major, Junior and Senior divisions.

Players interested in playing in the Summer Baseball Program will be invited to an evaluation camp in June to determine what Level of play is best for the child for summer Baseball.

More information will be available from your Spring Baseball coaches.

Carleton-Russell Little League will have registration on in June. Please check with your local teams when registration is held. With the changes brought forward to the Carleton Russell program we anticipate that several age divisions will reach enrollment capacity. Parents are encouraged to sign up their children as soon as possible to avoid being placed on a wait-listed or disappointed.
